

## Additional Easy LTMVSS1RT Setup Instructions

1. Lay the LTMVSS1RT parts on the floor as shown on the manual insert.
2. Connect each part and partially tighten the tension knobs, before raising the frame upright.
3. Attach the stretch screen using the attachment buckle straps and adjust as needed before raising and positioning the tilt frame.
4. Tighten all knobs after setting to the desired position.
5. If further assistance is needed, please e-mail [support@odysseygear.com](mailto:support@odysseygear.com)
